

The Navajo Nation
Division of Natural Resources Conference / Expo 2010
April 13 - 15, 2010 - Buffalo Thunder Resort - Santa Fe, New Mexico

Welcome to the 4th Annual Division of Natural Resources Conference / Expo

We will showcase the many services and opportunities we provide to the Navajo Nation and the Navajo People. With rural development taking place in every Chapter on the Navajo Nation, our goal is to maintain balance between the growth of our Nation to conserve the integrity of the natural beauty of our land. Our challenge is ongoing; to secure and ensure the effective use of our natural resources for the benefit of our people and the future generation to come. This event is to allow the Departments within DNR to educate and disseminate information pertaining to its various uses of Navajo Natural Resources to Navajo Nation Chapter elected officials; Community Land Use Committee members; Tribal/State/Federal County/City Employees and the General Public.

April 12, 2010 - Monday	
3:00 pm - 7:00 pm	<i>Early Registration - Tewa Foyer</i> <i>Prefunction Area</i>
